Republicans Will Nominate Full City And County Tickets At Mass Conventions On July 15 And 24

County And City Committees Issue Calls For Party Today

Some Of The Men Mentioned For Places On Ticket

The McCracken county republican committee today called a mass convention for July 15 to nominate a county ticket, and the city committee called a mass convention for July 24. In all probability a full county and city ticket will be named. The city officers to be filled next fall are police judge, aldermen, councilmen and school trustees. Who the candidates will be for the boards can not even be conjectured; but leaders of the party convinced that the republicans have a chance only when they name a better ticket than the democrats, say they will set about inducing representative citizens to stand for those offices. For city judge, John J. Dorian, who was twice elected, city treasurer, and deprived of the office by the discovery of a technical bar to the succession after his election, will have no opposition, it is believed.

For county offices a number of names are mentioned. Attorney T. N. Hazell has been importuned by a number of rural voters to stand for the nomination for county judge, and it is understood he will accept. T. E. Ford may run for sheriff. Dr. Harry Williamson and J. K. Bondurant are both mentioned for county clerk. Attorney Will Husbands has been suggested for county attorney. Who will aspire to the other positions on the ticket, circuit court clerk and representative is not known.

Combs, chairmen of the tax commission and advisory commission, respectively, have sent to the Paducah Commercial club the program for the tax commission hearing. FUNERAL OF H. C. CALENDER IS HELD THIS AFTERNOON.

The funeral of Henry C. Calender was held this afternoon at the residence of Mrs. L. Hutchen at 2:30 o'clock. The services were conducted by the Rev. Daniel Fooks, of the Cumberland Presbyterian church. The burial was in Oak Grove cemetery. The body arrived this morning at 1:30 from Durant, Miss., where he met his untimely death. Mr. Reed, general foreman of the East Tennessee Telephone company of that city, and a brother, accompanied the body. The young man was well known and respected. He leaves four brothers in the county and an aunt, Mrs. Hutchen, 1107 Jackson street. The floral designs were numerous and beautiful.

ONE FINED ONE CENT AND OTHER FINED TWO CENTS

On charges of breach of peace, Ben Starr and J. T. Armstrong, both prominent farmers of the Benton road, were fined in the court of Magistrate Charles W. Binev. Starr was fined one cent and costs and Armstrong was fined two cents and costs, while both were put under a peace bond of \$100. Armstrong's son was an employe of Starr, and the two men got into trouble over the boy.

EIGHTY WAR SHIPS FOR CHINA.

Navy Board Recommends Creation of Two Huge Fleets.

Peking, June 16.—The navy board, of which Prince Su is president, has completed for recommendation to the throne the program for the creation of a new navy. It provides for two fleets, each consisting of four first-class battle ships, eight second-class cruisers and ten third-class cruisers, with gunboats, torpedo boats and transports, bringing the total for each fleet to forty vessels. Each fleet will be under the command of an admiral. One will be stationed north of the Yangtze and the other south.

LIKE DRAINAGE IDEA BUT DON'T LIKE EXPENSES

Lively Discussion Expected In Regard To Blizzard Pond

Board Of Reviewers Makes Report

SOME ASSESSMENTS CHANGED

Drainage of Blizzard pond is recommended by the board of reviewers, appointed by County Judge R. T. Lightfoot, several weeks ago. The report of the reviewers is especially favorable to the drainage of the pond and sets forth the advantage to the county. Some changes are made in the estimate of the benefit derived by some of the property owners, and some of the property owners are fighting the drainage, saying they favor the improvement, but claim they are over-assessed. June 24 has been set by Judge Lightfoot as the date for hearing these objections.

The reviewers report that much of the land was under water at the time and they were unable to examine all of it. The survey for the last ditch is recommended as being practicable, and the one that will drain the pond most effectively. The last survey has been fought strenuously by some property owners, who claim that the first survey, which drained into the west fork of Clark's river, was the better. The last survey runs through the middle of the pond and empties into the main channel of Clark's river.

According to the reviewers it will be a great benefit to the public health for the water to be removed from Blizzard pond, as well as the general welfare, and benefit of the public land. To accomplish it the reviewers say it will be necessary to construct the ditch.

The Assessments.

The reviewers inspected the land adjacent to the pond and made assessments according to the benefits they thought would be derived by the property owners, should the pond be drained. The pond is owned by the Realty Development company. In the report John O. Martin is excused from any assessment, as they said his land would not be benefited, while the following were recommended to be assessed lower than the first report: Alfred Collier, \$50; Mrs. W. G. Huswell, \$50; James Houser, \$20; James Houser, \$27.50. The assessment of the Nashville, Chattanooga & St. Louis railroad is reduced from \$600 to \$350, while the assessment of the Illinois Central Railroad company is reduced from \$500 to \$250.

No changes were made in the assessments of Frank Bond, \$75; Mrs. T. C. Carter, \$10; Arch Pool, \$325; while George Moore's assessment was increased to \$37.50 and George Houser's assessment to \$25.50.

The reviewers report that it will be impossible for the husbands road to be used as a public road in wet weather unless a ditch is cut or a levee is constructed. The levee the reviewers report would have to be a mile in length to be effective and the approximate cost would be \$1,400. If the levee is constructed it will be necessary for the county to erect several small bridges at crossings.

The ditch is recommended as the more economical. It would cross the Oaks station road near Oaks station, and in order to accommodate the traffic the construction of a bridge at an expense of about \$250, would be necessary. The reviewers assess county's benefits over and above all cost and damage at \$1,150.

It is recommended to the court that the west end of the ditch, where it would cross the husbands road, be extended further west to the Illinois Central railroad, a distance of about 500 yards. The additional cost is estimated at \$100.

The board of reviewers is composed of R. H. Noble, W. L. Yancey, and E. R. Wren, who acted in cooperation with H. L. Harrison, the engineer, who prepared the latest survey. The report was filed in county court, and a lively scrap is expected as attorneys who are objecting to over assessment.

Wants To See Hanging

Mrs. Altman, of Cairo, Ill., formerly of this city, is the lady, who has made application through Chief of Police Collins for a ticket to witness the hanging of Freeman. Sheriff Ogilvie will grant the request. Neither of the officers would admit the name of the lady, and it was stated that the application came by letter from Memphis.

Great Quantities of Sugar Stolen

STUTZ CANDY COMPANY IS VICTIMIZED

Former Employee Accused of Making Wholesale Raids on Warehouse of Concern.

A big sugar steal, which probably has been going on for several months, and the cost of the sugar stolen will amount to hundreds of dollars, has been turned up by Detective T. J. Moore and the police are now working on the case. It is likely an arrest will be made in the next few days. The sugar is all supposed to have come from the Stutz candy factory and has been sold by the barrel and sack to local business men.

With just an hour and twenty minutes work Detective Moore found out that two barrels of sugar were sold to Otis Overstreet, a grocer, at Twelfth and Jefferson streets; three sacks to A. J. Hogan, on Kentucky avenue; one sack to Jim Sherrill, a saloon-keeper on North Fourth street, and one sack at Richardson's grocery on Kentucky avenue. The sugar was sold below wholesale price at all these places, the price ranging from \$2 to \$5 a sack, and with each sale a plausible story was told the purchaser before the sale was made. It is a fine grade of granulated sugar, which is used by the Stutz Candy company in making its finest candy.

The story unearthed by the detective is that the thief is a white man, who was at one time in the employ of the Stutz Candy company. The sugar was stolen by this man from the candy factory in the early hours of the morning. The thief had a key to the rear entrance of the factory. The sugar was trucked to the door on one of the Stutz trucks, hidden back of the factory till some negro expressman could be secured to haul it away. Every time the sugar was hauled from the rear of the factory a different wagon driver was employed.

Mr. P. E. Stutz when asked if he had missed any sugar before he knew of the sugar steal, said that he had been so busy and short of help that he hadn't time to think about any one stealing sugar, but he had noticed that a great deal of sugar was being used for the amount of candy that was made. Mr. Stutz is making an investigation today to find out if the sugar all came from his factory and if it did how much was taken. All the wholesale grocers in the city, who handle that particular brand of sugar, have checked up the sugar on hand and none of them discovered a shortage.

STREET WORK IS MADE PERMANENT AS IT PROGRESSES

Work on the Tenth street boulevard has commenced. The scraper is working on the block between Broadway and Kentucky avenue, preparatory to placing the foundation of crushed rock and filling with tarry. Hereafter crushed rock will be used on the streets for extensive improvements in place of gravel, as it costs the same. Of course, where there are simply small holes to be filled sand will be used, but where a block or more of filling is required, the roadway will be graded, filled with crushed rock, and rolled, thus gradually giving the city macadamized streets. As soon as the Tenth street work is completed this work will be started on other streets. The improvement of the levee will be a monument to the present board of public works and street department. It is one of the prettiest as well as most substantial on the rivers.

NEW GATES STOP FLOOD AT 800.

Lock Pumped Out to Determine the Damage Done Last Week.

Sault Ste. Marie, Mich., June 16.—The new gates on the lock of the Canadian ship canal here, replacing those which were wrecked last week by the steamer Perry G. Walker were hung in place last night and today the great thousand foot lock is being pumped out so that the amount of the damage done by the cataraet that rushed through it after the accident may be determined. The steamer Crescent City, which was carried through the lock by the swirling water after the Perry G. Walker had ripped out the lower gates, was raised and left for the lower lake with temporary patches on her damaged bow.

Great Quantities of Sugar Stolen

LaFollette on Tariff.

Washington, June 16.—In an interview for the United Press, Senator La Follette characterized the tariff revision by Aldrich as practically a farce. The number of committee amendments is misleading, being reductions on rates originally reported, but still higher than is existing law. Another misleading feature is the widely heralded decrease on articles for which importations are of small value, while increases are applied to the great volume of importations. The grand total shows an increase of 31.73 per cent on \$101,700,000 worth of importations and decrease of 31.11 per cent on \$80,000,000. Seventy-five per cent of the Dingley rates are unchanged.

Night Riders Are Sued In Court at Owensboro

Owensboro, Ky., June 16.—Tobias Golins and George Lenn, residents of Spencer county, Ind., have filed petitions in the deputy United States court clerk's office here asking for \$30,000 damages from 17 citizens of Muhlenberg county, Kentucky, on the grounds that they were unlawfully and wrongfully forced to leave their home in this state and take refuge in a distant state. Bradley Pittman, Jesse Murphy, A. W. McCowan, Dolph Sanaford, Townie Jamison, George Anderson, George Oliver, Bud Loney, Jack Anderson, Ed. Anderson, George Reynolds, colored, Dovie Lewis, colored, T. J. Oglesby, McClellan Kile, Monroe Jarvis, Alex Lee and Joe Anderson are the defendants. All are residents of the county of Muhlenberg.

The petitioners state that the defendants unlawfully, "wrongfully, wickedly, maliciously, and without cause, conspired together to run the defendants from their homes, friends, property and state, by threats to whip, and to do them bodily injury, and that the plaintiffs have suffered and do suffer great mental agony and mortification on account of the occurrence. The petitioners further state that all this happened on or about the 15th of February, 1909, and that they have resided in the state of Indiana since that time.

TO WED E. J. BALDWIN'S WIDOW

Dr. Leon Landone to Become Husband of Late Turfman's Spouse.

Los Angeles, June 16.—Los Angeles society received a shock today when it became known that Dr. Leon Landone, faddist, child culturist and otherwise known to fame, is to take a bride, who is none other than Mrs. Lillian Bennett Baldwin, widow of the late E. J. ("Lucky") Baldwin. A mutual friend of the couple said that the engagement would be formally announced within a few days. Both Dr. Landone and Mrs. Baldwin declined to confirm the engagement, but both took particular pains not to deny it. Mrs. Baldwin has been seen frequently of late with Dr. Landone in the latter's automobile.

SPECIAL MESSAGE PROPOSES INCOME TAX AMENDMENTS

Washington, June 16.—In a special message to congress this afternoon the president recommended the adoption of the joint resolution proposing to the states an amendment to the constitution granting the federal government the right to levy and collect an income tax. He also recommended as a part of the pending tariff bill, an excise of two per cent net on incomes of all corporations.

Chicago, June 16.—William Lorimer will go to Washington today in response to a telegram from Cullom. He will be sworn in as senator. His original intention was to remain in the lower house till the next session. It is believed the move indicates the senate republicans need his vote to pass the tariff bill.

Alleging habitual drunkenness and the wasting of his estate, Mrs. Flora Abbott, this morning in circuit court, filed suit for divorce from her husband, Phil Abbott, and asks for the restoration of her maiden name, Flora Ellis. She says he has been absent from the state of Kentucky for four months, and she has no knowledge of his whereabouts at present.

Small Tobacco Crop

It is now generally understood that not more than 75 per cent of a tobacco crop will be raised throughout the dark patch. It's true what tobacco has been seen looking well and prospects are that it will grow right along and make fine tobacco. But it is very evident now that not more than three-fourths of a crop can possibly be raised this year.—Mayfield Messenger.

ANCIENT PAPERS IN STATE MUSEUM

RESTORED BY CAPT. ED FARLEY,
STATE TREASURER

Superintendent Crabb's Announcements
Dates for Teachers' Institutes.

CARNAGEY AT HENDERSON.

Frankfort, Ky., June 16.—Anonymously a valuable find for the State Historical society has come into possession of State Treasurer Edwin Farley. A few days ago Capt. Farley found in his mail a long envelope postmarked "Chillicothe," but with no other identifying marks. In the envelope was a bundle of notes, bills, receipts and old "shipplasters," yellow with age, but otherwise in good condition.

The following typewritten memorandum was attached to the bundle: "These papers were found on the person of Frankfort shortly after Governor Beckham's inauguration. They were laid away and forgotten until today, and it is a pleasure for me to restore them to the state treasurer."

No name was signed to the memorandum.

Over Hundred Years Old.
With considerable curiosity Capt. Farley examined the papers and found several canceled treasury department checks drawn by Kentucky's former state treasurers, and a number of old receipts, including one signed by John Logan, the first treasurer of the

state, and bearing the date of May 18, 1799. This is an interesting slip of paper, and bears upon its face the following:

"May 18, 1799—Received of George May 8 shillings, 8 pence, taxes and interest due on 20 acres second-rate land, second island above Green river; ditto, third island, 40 acres; ditto, fourth island, for the years 1792-3-4-5-6-7 and '98.
"For John Logan, treasurer, David Logan."

One of the canceled checks in the collection bears the signature of State Treasurer James W. Tate, and was drawn in favor of Pat McDowell on July 27, 1882. The amount of the check is \$1,524.90.

Contents of Bundle.

Following is a list of the contents of Capt. Farley's mysterious bundle:

One note Bank of Kentucky, May 21, 1816, \$100.

One note Bank of Kentucky, March 21, 1816, \$300.

One note Bank of Kentucky, September 15, 1813, \$20.

One note Bank of Kentucky, July 14, 1815, \$161.80.

One note Bank of Kentucky, May 21, 1816, \$100.

One note Bank of Kentucky, August 11, 1812, \$5.

One note Bank of Kentucky, July 8, 1815, \$200.

One note Bank of Kentucky, September 25, 1810, \$20.

One order on Bank of Kentucky, J. Hildace to John W. Bnytor, October 4, 1809, \$20.

One order on Bank of Kentucky, Francis Lockett to Richard E. McKinnon, October 29, 1813, \$197.87.

One treasurer's receipt signed John O. Thomas to M. T. Scott for \$1.24 for taxes for 1807 on 811 acres third rate, in county of Green on waters of Hoppel's creek, the same having been exposed in name of Robert Brough, November 9, 1808.

Capt. Farley showed his "find" to Governor Wilson today, and the two decided that the papers would be appreciated by the Historical Society, so it is probable that they will soon be among the archives and relics of that institution.

Capt. Farley is anxious to discover the name of the person who sent the envelope, however, and hopes that he may be able to do so.

FORMER JUDGE NOW IN PRISON

ASSOCIATE OF CHEELMAN IN
WRECKED CHICAGO BANK.

At Prison Door Till Deputy Arrives
With Commitment Papers—Stole
Away From Home.

AND HE WAITED FOUR HOURS

Chicago, June 16.—Shunning the view of his fellow men, former Judge Abner Smith fled his Chicago home and surrendered himself at the gates of the state prison at Joliet. Purely by chance he tossed on the rough cot of a cell in "solitary row." He will be given new quarters.

At an hour when no one was astir the convicted bank wrecker, accompanied by his brother, Henry D. Smith, he bade his wife farewell at his old home in Alline square and boarded a car that would carry him to the prison gates.

Long before noon the former jurist appeared at the prison gates at Joliet and knocked for admittance. It was refused upon the ground that he was officially unknown to the warden of the prison.

Strolls in Joliet Streets.

Then for four hours the condemned man and his brother wandered about Joliet, awaiting the arrival of Deputy Sheriff Sears, who bore the warrant for his arrest and confinement.

During the interval that elapsed between the unexpected surrender of the prisoner and his formal arrest by the sheriff, Smith remained with his brother, but when the hour of his imprisonment arrived he was found alone in a guard house near the prison gates.

At 3 o'clock Deputy Sheriff Sears arrived at the prison and was directed by Warden Murphy to the little hut that faced the penitentiary's main entrance.

There, seated alone, the deputy found the gray haired man for whom he was seeking. He was huddled within the small space of the little house that formed the guardman's post. His brother had said good-bye to him only a few minutes before and he had been left to face alone the ordeal.

Sears, armed with the mittimus from the supreme court, had leaped from a train in front of the prison enclosure at 3 o'clock and had gone to the office of Warden Murphy.

Guarded By Sentinel.

The deputy was told that his prisoner was awaiting him. When, inside the tiny lodge, which was guarded by a sentinel armed with a rifle, he found the man he was seeking, he announced that he represented the sheriff of Cook county.

"I have been waiting for you," said Smith, as he arose and advanced.

"I have a warrant for your arrest and commitment to the penitentiary," said Sears, drawing a document from his pocket.

"I am ready to go," said Smith, and he took a step toward the door of the guard house. Then he saw that several men with cameras were waiting outside and hurriedly screened his head and face with his overcoat.

"I think those fellows out there are waiting for me," he said, and drew his coat more closely about him, in the hope of preventing a successful attempt to obtain his photograph.

Then, almost blinded by his effort at concealment, he stumbled out of the guardhouse and across the short stretch of walk to the sure safety of the prison enclosure.

The long shaven locks that had distinguished the aged jurist during the last two decades of his life of freedom still were intact when he was ushered to "life row," but as matter of course those locks will be shorn and Smith will be like many hundreds of other convicts, a man with closely cropped hair and a suit of convict's clothing.

PETER PURYEAR,
Notary Public McCracken Co.
My commission expires, January 10, 1912.

Daily Thought.
"No man is strong enough to stand alone. Each is dependent upon his fellows."

In regard to the present interesting controversy between our ubiquitous city treasurer and the police regarding the sanctity of licenses issued upon receipts of the said receiver of public funds, we submit that the treasurer issues no licenses to violate police regulations. The police judge seems to have assumed that the vendor of barbecued meat in question was obstructing the public highway. If that is so, we cannot see the justice in the treasurer's contention. Nor do we quite appreciate Mr. Walters' sensitiveness about the virtue of the licenses issued upon his receipt. The man may sell barbecued meats under that license and no policeman would dare stop him; but like all merchants he must sell barbecued meat in accordance with police regulations.

"CRIMINALS IN THE MAKING."

As many citizens as possible should attend the Chautauqua tonight and hear Judge Sadler, of Chicago, on "The Criminal in the Making." Judge Sadler is one of the best orators on the Chautauqua platform and speaks on a subject that is of national interest just at present, when the president and all higher court officials have recognized the necessity of a reform in our court procedure. The purpose of our system of handling criminals now is understood to be corrective rather than punitive, and in the interest of both the criminal and society. It is also known that the physical condition of the subject and his environments often make him a criminal, and those acquainted with the details of our criminal procedure and institutions have begun to realize the necessity of correcting these tendencies before they are fully developed. Judge Sadler brings to the discussion of this subject ripe powers of observation and expert knowledge. It is probable that no other number on the Chautauqua program will be as full of timely interest as this, and it was, perhaps, fortunate that circumstances so shaped affairs, that he was at the last moment substituted for the original number.

THE GOULDS AND SOME OTHERS.

We laugh at the Goulds, and revel in the evidences of extravagant folly that appear in the testimony in their divorce suit. Yet, is it charitable of us? Who can say he would not have made an ass of himself, if his father had left him a hundred millions? They say a fool and his money are soon parted; but the Goulds have not touched the principal of their estate. Sometimes it is the fool killer, who separates them, and when one regards what he has left, one hesitates to say that old Jay Gould wasn't the fool. There is nothing else a man can do for society and his country comparable to rearing a good family. Patriotism demands of every citizen that he do his share in training the next generation for the duties of citizenship. Though a man make every sacrifice in behalf of humanity, or

excel his contemporaries in developing the resources of the country for the benefit of his fellowmen. If he leaves when he dies a heritage of degenerate, irresponsible children the evil he has done offsets the good he tried to do. The care of great wealth is a serious responsibility, and the man who is to assume it should have especial training; but unfortunately it requires so much concentration to amass a big fortune, that the average American citizen has not the time to accumulate the responsibility for his heirs and prepare them to assume it, too. Consequently, the populace is usually certain of a variety of entertainment when the old man dies.

The trouble is that the average parent desires that his children shall not have the struggle he had, and his sole purpose in accumulating wealth is to add to their comfort and pleasure. If Howard Gould is extracting any pleasure out of the present incident, he is entitled to all of it, because he is paying for it; but we have observed that the possessors of great unearned wealth usually look anxious lest somebody take their money away from them, or holed with what it buys them.

Of course, if the Goulds were spending part of their principal in buying clothes, there would be a moral for us; but since they spend only their income they are not in the class with most of us when it comes to extravagance.

TIMELY TOPICS.

A total eclipse of the sun is scheduled to occur on Thursday, June 17, visible in all portions of the United States, except in the extreme southern section at about 6:10 in the evening and will continue until after sunset. At the time of the disappearance of Old Sol the moon will obscure about one-half of its area.

The last total eclipse of the sun was viewed here shortly after the close of the civil war, or to be exact, in 1869. The eclipse will be remembered by many people who yet speak of their experience and it is an event which yet figures largely in the folklore of the southland.

The last total eclipse of the sun darkened the south central states of America, and many are the incidents which are recalled.

The south during the later years of the sixties, was poverty stricken from the ravages of war, and when darkness enveloped the land at noonday the people of the ignorant classes, especially of the freed slaves, were cowed by the effect of the phenomena and fell to the earth in prayer, thinking the eve of a terrible calamity was upon them. Chickens went to roost and cocks crowed. Bats and owls and other fowl which fly by night appeared and candles and lamps were lighted in the dwellings.

The eclipse predicted for June 17 is to be total and will be a reproduction of the one in 1869. The occasion will afford a rare experience for residents of Illinois and all who ever witnessed a total eclipse of the sun state that they can never forget it.

SOME STORIES AROUND TOWN

Breakfast food is the latest innovation for wedding parties, and sawdust bids fair to eclipse the conventional rice. Mr. and Mrs. Joseph Greenbaum, a bridal couple, were at the early morning train. Their friends had arranged a small stock of rice, but in the hurry and bustle to get to the station the rice was forgotten. At 1 o'clock in the morning no grocery stores were open, and for a while it appeared that the couple would leave without the usual rice shower. At last one member of the party struck a happy idea and ran to the restaurant at the station and purchased several boxes of breakfast food. Others took the hint, and soon the bridal couple was showered with the shavings. The dry breakfast food was more uncomfortable than the smooth grains of rice, and when slipping down his back the bridegroom withed, which made his friends enjoy the fun the more.

THREE MORE DAYS IN WHICH TO PROFIT BY BONUS OFFER

Candidates in Sun's Great Voting Contest Should Take All Advantages

Not Another Such Opportunity Will be offered

TURN IN MONEY PROMPTLY

Contestants now have just half a week in which to profit by the second offer of bonus votes in The Sun and Associate Newspapers' Great Voting Contest. This chance to obtain extra votes should not be neglected by a single contestant who hopes to be a prize winner. The extra votes may be won by a few hours of activity and they will prove of such immense value before the contest is over that any sacrifice to win them should be willingly made.

Do not forget the terms of the second bonus.
For every \$25 worth of new subscriptions turned in at any time between Monday, June 5, and Saturday, June 19, FORTY THOUSAND EXTRA VOTES, over and above the regular scale, will be given.
For every \$25 worth of OLD subscriptions turned in at any time from the start of the contest up to the night of June 19 TWENTY THOUSAND EXTRA VOTES, over and above the regular scale, will be given.

This is the most liberal extra vote offer of the contest and is probably the only one that will apply to both NEW and OLD subscriptions. It is a bid for early work and a reward for energy.

Especially liberal is the bonus for OLD business. Any subscriptions turned in at any time from the beginning of the contest counts in getting the \$25 worth necessary to obtain the extra votes. That is, if you turned in \$10 of old subscriptions at any time before the bonus was announced you will be required to secure only \$15 more. The \$10 you have already turned in will be added to this and votes awarded you.

Contestants should turn in their money at the end of each day if possible. This is necessary for the prompt starting of papers to new subscribers. When a person subscribes for a paper he usually wants his paper started at once and until the money and start slips are turned in to the newspaper office the paper cannot be started. It is not necessary to turn in \$25 at once time to secure extra votes; the cash book is used in determining those entitled to the bonus.

JAP ARREST INVOLVES NATION.

Nippon Editor Captured in Honolulu Asks Home Government Aid.

Honolulu, June 16.—The situation growing out of the indictment by the grand jury of the seventeen leaders in the strike of the Japanese plantation laborers was given an international turn, when M. Negoro, of the editorial staff of the Jiji, a local Japanese publication, who was taken into custody when the office of that paper was raided by the authorities last Friday, made formal complaint to the Japanese foreign office at Tokio of the violations of his treaty rights.

Territorial Sheriff William Henry admits that the search and seizure was made by force of arms, but claims that the papers seized contained evidence of criminal purpose.

Negoro was rearrested together with Y. Sogo, Y. Tasaka and K. Kawamura, of the editorial staffs of the Nippon and the Jiji, upon indictments returned by the grand jury.

Ullman-Greenebaum.
The wedding of Miss Viola Ullman and Mr. Joseph Greenebaum, of Louisville, Tuesday evening at the home of the bride's parents, Mr. and Mrs. Joseph Ullman, 433 Washington street, was one of especial charm and beauty of setting.

The house was beautifully decorated with palms, asparagus ferns and smilax. The wedding colors pink and white were effectively carried out with bride roses and pink sweet peas attractively arranged throughout the room. The chandeliers were twined with the asparagus ferns and the doorway were outlined with the southern smilax and ferns.

In the parlor where the ceremony was solemnized a bank of palms in pyramid effect made a pretty background for the bride party.

The ceremony was impressively pronounced by Rabbi Meyer Lovitch, of Temple Israel. The Lohengrin march was played by Deal's orchestra as the bride procession. The bride entered with her father, Mr. Joseph Ullman, and was preceded by her sister, the maid of honor, Miss Irene Ullman. Mr. Greenebaum entered with his brother, Mr. Julius Greenebaum, of Louisville, the best man. The wedding party made an attractive picture. Only the family witnessed the ceremony.

The bride looked especially lovely in a beautiful gown of white Elinore cloth over white satin, elaborately trimmed with Duchess lace. She wore the bridal veil and carried a shower bouquet of bride roses and white sweet peas. Her only jewel was a superb diamond and pearl pendant, the gift of the bridegroom.

The maid of honor was charming in a lovely creation of pink Pompadour silk. She carried a shower bouquet of pink sweet peas.

A reception from 9 until 11:30 o'clock followed the ceremony. This was a brilliant social function and a large number of guests were present. In the receiving line with Mr. and Mrs. Ullman in the parlor were: Mr. and Mrs. Joseph Greenebaum, Mrs. Henry Strana, of Louisville; Miss Irene Ullman, Mr. Julius Greenebaum, Messrs. Albert Ullman, Buford Ullman, Jesse Ullman.

The guests were invited from the parlor to the dining-room by Miss Norma Liechtenstein, assisted by Mrs. Sol Lesser.

The dining-room was a charming arrangement of the pink and white color motif. The table was veiled in a cover of Cluny lace. From the chandelier extended ropes of tulle and smilax. The centerpiece was a mirror surrounded by bride roses with pink sweet peas and ferns arranged in a pyramid effect. Ferns outlined the table. The ices, cakes and salads were in the pink and white colors. Receiving in the dining-room were: Miss Marion Tick, of Bloomington, Ill.; Miss Bessie Levine, of Terre Haute; Miss Rose Bodenheimer, Miss Flora Harris, Miss Janet Sloan.

The punch table was in the sitting room and was prettily decorated with ferns and sweet peas. Miss Irma Hecht, Miss Hubie Michael and Miss Lillian Bodenheimer presided at the punch bowl.

The wedding gifts were unusually numerous and presented a handsome array. A number of congratulatory telegrams were received during the evening.

Mr. and Mrs. Greenebaum left on the 1:30 a. m. train for Atlantic City, Newport and other eastern summer resorts. The bride's going-away

NARROW ESCAPE

FOUR PEOPLE IN AUTO HURT IN ACCIDENT.

Four people were injured last night when the automobile of Mr. E. J. Paxton got beyond control and dashed onto the sidewalk. The most seriously injured was Jesse Hill, colored, of No. 6 Biederman avenue, who was walking along Third street when the auto ran on the sidewalk and plumed him against the fence, fracturing both legs. Miss Fred Paxton was riding in the machine with her brother and she sustained minor bruises and cuts about the body. Mr. Paxton was thrown to the sidewalk and was severely bruised. Oscar Sanders, a boy mechanic, was riding in the auto, but he escaped with only bruises on the right leg.

When in front of the veterinary hospital of Fisher & Farley, Mr. Paxton lost control of the steering apparatus of his machine, and it dashed to the sidewalk, struck a telephone pole and rebounded and collided with the fence at the home of Mr. Henry Schrott, on the opposite side of the street.

Mr. Paxton telephoned to the police station and Hill was carried to Riverside hospital, where Dr. B. L. Bradley gave him injuries attention. The machine was not damaged badly and was taken to the garage of Foreman Brothers Electric company for repairs.

PUBLIC WORKS

BOARD HOLDS REGULAR MEETING ON TUESDAY.

Streets that are to be improved by graveling and sidewalks should have the work under way soon according to the opinion of the members of the board of public works. At the regular meeting yesterday afternoon the board requested the general council to get through with the ordinances as soon as possible so that the work may be advertised, and the contracts let while it is good weather. Several ordinances prescribing the improvement of streets have been passed by the general council, but have not been turned over to the board.

Hills for the screening of the market house will be opened at a special meeting next Tuesday. Two bids were before the board yesterday but they were returned, and all bidders will be given a chance. Following the suggestion of Mrs. Crane the large doors will be provided with revolving doors while the windows will be screened also.

Complaints from foul odors and an investigation has revealed that some residents of Fountain avenue have connected their premises with the storm sewer as the sanitary sewer does not extend in that section of the city. The property owners will be cited to appear before the board at its next meeting.

Wagons must cease driving over pavements where there are no regular drivers, and Ernest Bell, street inspector, was directed to swear out warrants for every violation. The wagons tear up the streets, and the board decided to make examples of a few, and the practice will cease.

The street inspector reported that the crushed rock had been spread on the river bank, and that it made a neat appearance. The rock has been rolled. Some of the streets need repaving with gravel and Street Inspector Bell was directed to begin a systematic plan of making repairs. He will begin at the Benton road and fill low places in all of the streets.

Next Tuesday the question of renting the market benches will be taken up at the special meeting. The benches are rented for six months, and every year there are more applicants than there are benches.

Present at the meeting yesterday were: President Richard Rudy, Secretary Loula Kolb and Phil's Lack.

"THE CRIMINAL IN MAKING" TONIGHT

JUDGE SADLER OF CHICAGO ON SOCIOLOGICAL SUBJECT.

Popularity of Chautauqua Increases—Miss Claxton and Trier Sisters' Big Hits.

SPILLMAN BIGGS WELL LIKED.

Interest in the fourth annual meeting of the Chautauqua association continues to increase and with continued fine weather the management feels encouraged to put on more good talent. The weather yesterday and today was all that could be asked and everybody seemed to feel good and to catch the true Chautauqua is to be with the assembly till the close, did some clever work both afternoon and evening Tuesday; so good indeed that she was asked to repeat some numbers. The contract of the versatile and interesting Trier Sisters closed with the afternoon program, but by special arrangement they remained over and were on for fifteen minutes in the evening.

John Spillman Biggs was the principal attraction for the evening and delivered his lecture, "Social Elites and Misfits." This had been advertised as a humorous lecture and it did provoke some smiles; but really it was a splendid address on some social evils and particularly on the question of marriage.

"Criminal in the Making."

Today is one of the big days with the Chicago Ladies' Orchestra, who were so popular last year, doing the principal work in the afternoon, and Judge Sadler, of the Illinois supreme court, being the speaker for the evening session. The committee received a message yesterday, stating that on account of his duties at Washington it would be impossible for James E. Watson to fill any engagements till after July 20. To make amends for the disappointment of the bureau booking, Mr. Watson arranged with Judge Sadler to come and, although a more expensive speaker, to bear part of the loss as to thus enable the Chautauqua management to offer Judge Sadler at 25 cents admission instead of 35 cents as contemplated for the first engaged speaker. Judge Sadler's subject will be "The Criminal in the Making."

Miss Claxton will be heard in some especially good number before the lecture.

From now to the close of the season the price of admission will be 25 cents for adults and 15 cents for children and some of the very best things are to come. A telegram from Opie Read says that he will surely be here Thursday morning to fill his engagement that evening.

One of the features that is adding much to the meeting of this year is the splendidly conducted refreshment tent in the hands of the ladies of Grace Episcopal church. Many find it very convenient and enjoyable to go out to the afternoon exercises and remain over for the evening, taking a lunch with these ladies.

NATURE TELLS YOU.

As Many a Paducah Reader Knows Too Well.

When the kidneys are sick. Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action. And urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Paducah people testify to this.

Mrs. Kate Engler, 602 Washington street, Paducah, Ky., says: "I have had a very satisfactory experience with Doan's Kidney Pills and consequently I do not hesitate to recommend them to any person suffering from kidney complaint. I had frequent attacks of backache and there were pain in my side often so severe that it was difficult for me to bend over. At times the kidney secretions became too frequent in passage and looked very unnatural. I found long ago that there is only one remedy that will help me and that one is Doan's Kidney Pills. They always go to the seat of my trouble and in a short time drive the attack away."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE AMERICAN YACHTSMAN

No better type of man exists on the face of the earth than the American yachtsman. Since 1851 the supremacy of American sailors and yacht designers has never been seriously endangered on either fresh or salt water.

When devotees of yachting gather to toast each other—no beer is half so popular as

Budweiser

The King of All Bottled Beers

It has a bunk aboard every yacht. It puts a tang in the blood that tingles like an ocean breeze. It is pure and clean as the foam on a white-cap. It is cool and refreshing as a dip in the sea on a summer day.

FARMERS

AND FIGHTING WEEDS WITH NIGHT AND MAIN.

Wheat Ready to Cut With Prospects of Unexampled Price for Grain.

Farmers are anxiously watching clouds these days and are praying that the succession of showers will cease and give them an opportunity to thin out weeds, and work crops. The wet weather has been admirable for the weed crop, and it has sprung up until some of the fields resemble weed patches. Many farmers are out every day and the harvest of the weed crop will be large.

The wheat crop is nearly ready for harvest and by the last of the week the hum of the harvesters will be heard over the fields of western Kentucky and the threshers soon will begin to buzz. McCracken is not a wheat county, but there are some sections well covered with wheat patches. Some of the wheat fields are just heading and the recent rains have heated it flat to the ground, but it is considered in fair shape, and will be ready for the harvesters this week. Heads on the wheat are of average size and show few empty cells.

It has been many years since the wheat market opened even at harvest as high as \$1 a bushel, but this year the mills are offering this price several weeks in advance of the harvest. Some are anticipating a still higher price for the wheat crop. In the wheat sections much of the present wheat crop has been contracted for already at attractive figures.

The rainy weather has made the spring an unusually seasonable one and as the result the crops have grown at a rapid rate. The corn crop is looking good, but the ground is so wet that many farmers are unable to work in the fields. The grass and weeds have grown correspondingly rapidly with the corn, but the crop has outstripped the weeds. If the rains will cease and the farmers be given an opportunity to clear the weeds the corn will be in fine shape.

The spring has been ideal for setting tobacco although it has been inconvenient for the farmer to wade through mud, but it had to be done or take chances on not having a "season" again this year. Many farmers can not remember of the tobacco plants starting off as ever, and luxuriantly as have the plants this season. However, the crop will be a trifle short owing to the lack of plants.

Miss Stella Clark has arrived from Greenfield, Tenn., and will spend her vacation with her mother, Mrs. Matie Clark, 902 Brunson avenue.

LAST OF CHEAP BREAD.
Population Beginning to Overtake Food Supply.
Kingston, N. Y., June 16.—"We have seen the last of cheap bread in this country," said Eugene Davenport, dean of the University of Illinois, Urbana, Ill., at the graduation exercises of the Rhode Island State college.
Davenport estimated that another 100 years the population of the United States will be 1,400,000,000, or more than 400 to the square mile of territory and said: "Any way you can figure it we are near the end of cheap food in this country, which means that the population is beginning to overtake the food supply."

HIGH TIMES AT CASTLE GOULD

**WOMAN SUING FOR SEPARA-
TION WAS DRUNKARD.**

Quarrelled With Help—Servants on
Stand Tell of Some Unseemly
Practices.

WAS TRYING DAY FOR HER.

New York, June 16.—Torn with
anger and extreme humiliation, al-
ternately flushing with shame, sob-
bing or clenching her hands in ex-
asperation, Katherine Clemons
Gould sat through a trying ordeal in
the supreme court today at the con-
tinuation of her suit for separation
against Howard Gould. It was a day
of testimony for the defense during
which Gould's attorney sought to
bring out through witnesses who had
been associated with Mrs. Gould, that
her habits were such that her hus-
band was justified in leaving her. In
the event of proving this, the defense
hoped to undermine the charge of
abandonment, the only phase of the
plaintiff's case which has withstood
the attacks of the opposing counsel.
Justice Dowling having ruled out the
charges of cruelty and non support
yesterday, Howard Gould himself
may take the stand tomorrow.

It was during the testimony of wit-
nesses for the defense concerning
the alleged violent and profane lan-
guage, some of it, as related, being
too strong to be printed with prop-
riety, that Mrs. Gould wept most
yet she recovered herself quickly
and at times coached her lawyer,
refreshing his mind on certain in-
cidents with suggestions and reminders.
Specific statements that Mrs. Gould
had been intoxicated on various oc-
casions, that she called Howard
Gould "you little hound" one night,
that once she was apparently so un-
der the influence of liquor as to stag-
ger against the banister at Castle
Gould, that her maid brought liquors
to her room, including sometimes
two cocktails before breakfast, was
among the statements brought out as
evidence of the defendant's conduct
on the stand their experiences with
their former mistress.

Verbal clashes with the managers
of the great estate, heated arguments
at the hen coop with the carpenters,
one of whom testified that she "could
not walk straight" at the time; a
period when she remained in her
room for two weeks, consuming dur-
ing that time seven bottles of brandy
with other liquors, these incidents
and others were sworn to on the
stand.

Also there was an account by a for-
mer steward of an exciting night
when, he said, she wanted the house
locked, although Howard Gould was
out on the front lawn. This, said
the steward, did not seem to appeal
to Mrs. Gould as an argument against
closing the front door and she told
him to go ahead and lock up. To ap-
pease her, he testified, he shut the
door but did not lock it.

While most of today's testimony
was against Mrs. Gould, one witness
late this afternoon spoke in her favor.
He is Charles H. Davis, of Glen Cove,
Long Island, an ice manufacturer,
who formerly was engaged in the
business of sinking artesian wells.
He testified that in 1902 and 1903
he did considerable work on the
Gould estate and saw Mrs. Gould
frequently. He had never seen her
intoxicated, he said, but at times he
knew she had been drinking because
he could "smell her breath."

**ICE KING SAYS HE ASKS
BUT FOR SIMPLE JUSTICE.**

New York, June 16.—The United
States circuit court of appeals is hear-
ing arguments in the appeal of Ice
King Charles W. Morse from the first-
year sentence in the federal
prison, sent a message to the court,
asking simple justice. He wants no
mercy; he craves no sympathy. "If
the appellate court believes I com-
mitted a crime and was properly con-
victed, I am ready to take up the
punishment imposed." He said efforts
to secure release on bail so far have
been unsuccessful.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the
idea of using sage for restoring the
color of the hair. Our great grand-
mothers kept their locks soft, dark
and glossy by using a "sage tea." Whenever their hair fell out or took
on a dull, faded or streaked appear-
ance, they made a brew of sage
leaves and applied it to their hair
with wonderfully beneficial effect.
Nowadays we don't have to resort to
the old-time, tiresome method of
gathering the herbs and making the
brew. This is done by skillful
chemists better than we could do it
ourselves, and all we have to do is
to call for the ready made product,
Wyeth's Sage and Sulphur, contain-
ing sage in the proper strength, with
the addition of Sulphur, another old-
time scalp remedy. This preparation
is sold by all first-class druggists for
50c and \$1.00 a bottle, or is sent di-
rect by the Wyeth Chemical Com-
pany, 74 Cortlandt St., New York
City, upon receipt of price. For sale
and recommended by W. J. Gilbert.

"Silver gray Cherokee Georgia
marble was selected by the sculptor
after due deliberation as best adapt-
ed to giving living expression to his
art. While the fountain is of com-
parative simple design it is its very
simplicity which makes it so strik-
ing. The sculptor has received many
compliments both on the de-
sign and the selection of the ma-
terial. He has expressed himself as
highly gratified and pleased with the
remarkable results obtained and
says that hereafter whenever possi-
ble he will specify Georgia marble."

Alone in Saw Mill at Midnight.
unmindful of dampness, drafts,
storms or cold, W. J. Atkins worked
as Night Watchman, at Banner
Springs, Tenn. Such exposure gave
him a severe cold that settled on his
lungs. At last he had to give up
work. He tried many remedies but
all failed till he used Dr. King's New
Discovery. "After using one bottle,"
he writes, "I went back to work as
well as ever." Severe Colds, stub-
born Coughs, Inflamed throats and
sore lungs, Hemorrhages, Croup and
Whooping Cough get quick relief and
prompt cure from this glorious medi-
cine. 50c and \$1.00. Trial bottles

Origin of Name Paducah Explained
By the Writer in His Article.

The "Rock Products", a monthly
magazine published in Chicago, in
its "Sino Edition" of June 5, con-
tains an interesting account of "The
Paducah Memorial Fountain" with a
splendid picture of the fountain. It
says:

"One of the recent unveilings was
that of the Paducah fountain at Pa-
ducah, Ky., erected in the Custom
House square in that city by the
Daughters of the American Revolution.
It represents a Paducah In-
dian seated, surmounting a pedestal
about 14 feet high. It was designed
by Lorado Taft, the famous Chicago
sculptor, and executed in silver gray
Cretaceous-Georgia marble by Charles
J. Mulligan, another sculptor of re-
nown, at the George B. Sicksels
margie plant at Tate, Ga.

"The Paducah were a tribe of
Comanches, as the name Paducah, or
sometimes spelled Padouca, is the
French form and adopted from their
Sioux name. They were a martial
tribe.

after this tribe and the Indian on the
pedestal is modeled after one of

JEFFRIES IS FAST

Former Champion Given a Great
Ovation.

Pittsburgh, June 16.—James J.
Jeffries, retired heavyweight pugilist
of the world, received a great ova-
tion at Duane Garden here, where
he engaged in a six-round boxing
exhibition with his sparring partner
Sam Berger. Jeffries was ex-
tremely fast on his feet and very
quick with his hands. The rounds
were short, averaging fifty seconds
each. Jeffries did the leading and
delivered practically all the blows,
Berger taking the punishment.

MRS. CLEVELAND
ON THE STANDTESTIFIES IN THE CASE OF
BRANDENBURG.Widow of Former President Gives
First Evidence That Cleveland
Letter Was Imposition.

THE SIGNATURE A FORGERY.

New York, June 16.—Mrs. Frances
Folsom Cleveland appeared in public

for the first time since her husband's death to testify for the prosecution in the case brought on Brandenburg, the magazine writer, who is charged with selling the New York Times a political article purporting to have been written by former President Cleveland.

Mrs. Cleveland declared emphatically that the signature to the article in question was not that of her husband. Also she pointed out the difference between the signature and the genuine Cleveland signature as it appeared on several checks which were cashed by her.

The former president wrote with a very unsteady hand during the latter years of his life, the witness said, whereas the name signed to the Brandenburg article was written in a comparatively bold and legible handwriting more like Cleveland during his younger days in the White House.

court room, Justice Fitzgerald, assistant District Attorney Nott and other court officials rose and bowed low as a mark of respect. A large crowd gathered to hear the testimony of the former first lady of the land.

C. M. Lincoln, Sunday editor of the New York Times, followed Mrs. Cleveland as a witness. He testified that he had received the "Grover Cleveland" article from Brandenburg about a week before it was published on August 30, 1908. Brandenburg, the witness said, told him it was one of the three that Cleveland had promised to write early in the year bearing upon the campaign but that sickness had prevented Cleveland from writing more than the one.

Mrs. Mary Lawrence Claxton, who testified.

Court adjourned until Thursday. Pay your city taxes now and avoid the penalty after July 1.
